

AAS Digital Learning Programs Media Release

As a parent/guardian of a student in the Academy of Applied Science’s digital learning programs, I give the Academy permission to use photographs and video of my child participating in the virtual session. The teacher/moderator will notify students when a screen shot or video will be taken and I will have the option to opt out of a given session on a given day even if I give permission. I understand that these photos/video clips will be used to encourage more students to find their inventors’ journeys and promote youth innovation.

Please select that you authorize:

- Full release:** I authorize use of identifying information of my child in photographs and video.
 - o This information includes, but is not limited to: names and hometowns.
 - o These assets may be used in whole or in part by the Academy of Applied Science to promote STEM education on their website and social media accounts.

- Limited release:** I authorize use of photographs and video that do not include identifying information of my child.
 - o These assets may be used in whole or in part by the Academy of Applied Science to promote STEM education on their website and social media accounts.

- Restricted release:** I do not authorize use of photographs or video for any activity.
 - o I understand that I must turn off my child’s webcam when photos or videos are taken or if we attend a live webinar.
