Dear Families,

As you know, our class has been participating in the Northern New England Young Inventors' Program (YIP). Students have been working diligently to create unique and inventive ways to solve everyday problems. I have been wonderfully surprised by their inquisitiveness and their creativity throughout this journey. We are all excited to share our novel inventions with you and our school community.

On [[DATE OF INVENTION FAIR]] we will host our school-wide Invention Fair. While this fair is a competition of sorts, more important, it is an opportunity for your child to showcase their invention project and celebrate their efforts. We hope that you will join us for this event and we welcome all family members and friends.

The following is the schedule for the Invention Fair:
